

Roero Arneis "Arsivel" D.O.C.G.

An excellent wine that the winery produces with the Arneis grapes that come from the vineyard adjacent to the property in Castagnito that was once owned by the Abbey of Breme in 1200. The area, made of sandy soil, confirms an ancient wine vocation that makes today's Arneis the leading edge of white wines in the Roero.

A modern wine, with a remarkable personality, Arsivel, is a registered company brand. The name originates from the Piedmontese dialect meaning a nice and extrovert person.
